
Year 11 Letters of Support

As you know, we have been asking over the last couple of weeks for parents to write a letter of support for their child and these were given out to the Year 11 students during an assembly on Friday.

ITV sent a news team to film and interview some of the students and parents opening their letters, which will be aired early this week.

Useful revision methods

Below are links to some useful revision methods in English and Maths. These were shared with our Y11 students recently.

Year 9 Students Participate in the Bloodhound Project!

A group of Year 9 students were lucky enough to visit Digitech Studio School last Friday to take part in the Bloodhound Project.

The Bloodhound Project is a global Engineering Adventure, using a 1,000mph World Land Speed Record attempt to inspire the next generation to enjoy, explore and get involved in science, technology, engineering and mathematics. Students worked with engineers from Rolls Royce who explained the theory behind building the fastest ever land craft. They then put their knowledge to the test by building and racing their own mini cars which were powered by rockets. Thanks very much to Digitech for welcoming our students and for the engineers from the Bloodhound Project who ran such an interesting workshop!
